## PROFESSIONAL SUMMARY

Aspiring software developer looking for his first professional experience. Has experience designing mobile applications for android and is eager and willing to learn and take on additional responsibilities throughout an internship.

## EXPERIENCE

### IT Technician Intern

June 2023 - Jan 2024

#### George Municipality, George

- Set up workstations with computers and necessary peripheral devices (routers, printers etc.)
- Experienced how to meet the support needs of a fast-paced technology company serving over 1000 members in the organization from IT professionals.
- Accomplished an understanding of computer hardware, operating systems, and applications through daily interactions and troubleshooting.
- Responded to telephone, email and in-person inquiries, use and repair.
- Provided orientation and guidance to users on how to operate new software and computer equipment.
- Diagnosed network problems in a quick and effective manner.
- Acquired knowledge of application and update rollouts.

### Developer Intern

Jan 2020- Dec 2020

#### University of The Western Cape, Cape Town

- Designed experiences, interactions and applications that support effective collaboration within Unity engine.
- Implemented and optimized AR and 3D features in accordance with the client needs.
- Assisted in the development of a mobile AR human anatomy using C# as the primary language.
- Created and applied UI/UX designs using wireframes and mock-ups including MVP.
- Collaborated with a team using the agile methodology with weekly sprints.
- Coordinated and completed projects on time and within the scope.
